**Are you interested in the private practice experience, but still work a full-time job?
Scared of quitting your full-time job, and taking that leap into private practice?
Wanting the private practice experience without the private practice responsibilities?
Needing clinical hours towards licensure?**

Livewell might be the part-time or full-time private practice experience you are looking for.

Livewell BHC is seeking well-qualified licensed and pre-licensed mental health clinicians to provide both office and in office telehealth mental health counseling services to clients 4 years of age and up. Livewell BHC clinicians are trained to work with children, adolescents, adults, and couples. Two years post graduate experience preferred. Livewell specializes in trauma-based treatment.

Job Description

- Provide mental health clinical treatment to Livewell BHC clients in clinic-based setting
- Engage in a reflective supervision and practice model. Attend supervision at times and intervals agreed upon with supervisor.
- Complete intake interviews, clinical assessment, DSM-V diagnosis, development of plans of care for individual, group and family therapy, collateral services and crisis intervention.
- Ability to treat children, adolescents and adults using a variety of theoretical perspectives and treatment modalities including cognitive and behavioral intervention specific to experience in trauma treatment utilizing strengths based, trauma-informed and culturally competent treatment frameworks.
- Maintain accurate and timely documentation in adherence with program expectations and accountability requirements.
- Clinician must possess strong clinical skills and knowledge about current evidenced-based treatment practices.
- Ability to treat a variety of ethnicities and cultures with sensitivity to cultural issues and populations with special needs.
- Experience with group therapy for targeted problems, such as anger management, substance abuse, etc. is desirable.

- Maintain accurate and timely documentation in adherence with program expectations and accountability requirements. All written documentation of all client, family, case management contacts will be required to meet all medical documentation standards (training will be provided)

Additional Skills Required

- Excellent Organizational, Oral & Written Communication (specifically in providing written documentation of clinical services provided)
- Ability to maintain client confidentiality at all times, in all circumstances
- Knowledge of legal and ethical responsibilities
- Diplomatic and Professional Demeanor at all times
- Must have a high level of independence
- Must understand and be able to apply psychiatric emergency interventions

Qualifications

- A Master's degree from an accredited university in the field of Social Work, Clinical or Counseling Psychology, Marriage and Family Therapy, or related field
- Must have a valid CA drivers' license, clean DMV, and criminal clearance from DOJ
- Degree must lead to licensure (LCSW, LPCC, LMFT)
- California BBS Registered Associate number
- Must Acquire and maintain proof of and maintenance of malpractice insurance
- Bilingual candidates (Spanish, Hmong) are encouraged to apply.

Benefits (varies for full-time and part-time staff)

- Supervision (both individual and group)
- Office, Computer and Office Décor Provided
- Flexible Work Schedule (Monday – Saturday)
- Paid sick time and vacation time
- AFLAC Benefits
- Professional Development Assistance

****additional benefits discussed upon hire****
